# The Master's Mission International

Developers of International Disciple-making Movement Leaders  
115 Silver Street, Waterville, Maine 04901

Greetings TMMI Partners,

As I am preparing for the next ministry trip to Ethiopia, planned and arranged for October 16<sup>th</sup> through November 10<sup>th</sup>, I am reminded of and praying for the estimated two hundred Church/Disciple-making Movement leaders that I, by God's grace, your faithful prayers and financial support, will have direct interaction and fellowship with. Furthermore, I am thinking of and praying for the multitudes of leaders, congregations of saints, lost and desperate souls whose lives are already and will continue to be transformed by the ministry that God is providing via you and I, we who together embody The Master's Mission.

I wish each of you could meet each of them face to face, life on life now but, I am assured that we all will enjoy future eternal fellowship in the presence of Jesus and all of His glory, praise be to God. With that in mind, I would like to introduce you to one of the many outstanding Christian leaders that your prayers and financial support has made possible for us to be eternally involved with right now in this current temporal realm.

*My name is the Kaleab Alemu. I have a wife named Yanet Seifu and an 11-month-old son named Pavlos. My wife serves by singing and we serve together. We are establishing our music studio while serving as a family by composing my wife's songs. I serve at Emmanuel United Church, leading the youth, preaching the word of God, and playing music. After graduating with a bachelor's degree in chemistry, I completed a degree and master's program in theology. After that, I taught theology in various seminaries and colleges. In addition, I lead the youth of five different denominations in the same area. This fellowship was established 6 years ago and many works have been done by the union. In addition to fellowship, we do many charity works and fasting prayers together. At this time, I am facilitating the transfer of this union to the next leader by preparing a successor. I am moving to the city where I live in other cities and doing the work of revitalization by training young people and teenagers. Through this service, God has given me many victories. For the rest of my life, my dream is to help young people connect with the agenda that God has placed in them.*

*We met Rev. Paul Parker a few years ago. We got to know each other when a young man who learned from his training told me about his training and him. Then Pastor Samson made us meet in person at Nazareth. During our meeting, he gave me the purpose of his ministry and the website where I could find the written materials. When he returned to America, I logged into the TMMI website and read all the lectures. I was very impressed with the content of the lessons. I wrote my reaction to Papa Chico. I was very happy that all the material focused on the Word of God. Not only this, I told him that this training is needed for the young people I lead. Immediately, we started giving the training to youth leaders gathered from different churches. I also served in the ministry by translating written materials into Amharic, facilitating the young people and the place where they are trained, and translating the lessons into Amharic during the training. I am very happy with this ministry. Every time we finish the training, we miss when we will meet again. The young people who participate in the training go to their churches and train other people who did not come to the training. I will monitor this by meeting with the leaders. Everyone is very happy with the training because the main concept of the training is to bring people back to the teachings of Christ Jesus and the true meaning of God's word.*

*I know Papa Chico personally because he is a good mentor and a father to me. He never forgot me in his prayers. I am very happy that he is supporting my ministry by being on the side of my family. Our relationship with Papa is not only of ministry but also of family. When he comes to Ethiopia, he never leaves without visiting my house and drinking coffee. My dear wife and I thank God so much for Papa Chico and Mama Daisy.*

*Thank you.*

Please remain in prayer that God will continue to protect and provide for each student, their families and respective ministries. Also, let's praise God together for:

- The Exponential leadership reproduction He is providing through practicing "The Masters Plan."
- The ever-expanding disciple making movement in Ethiopia and beyond.
- Providing such a faithful support team that all of you continue to be.

May God bless you all for your faithful prayers, partnership, support and encouragement in ministry.

Sincerely Yours,

Rev. Paul L. Parker

A.K.A. Pastor "Chico"
